### Dear Andy

Please accept my resignation from the Police Association, effective February 11, 2010.

I am continuing a career outside of SAPOL after being fortunate enough to "try before I buy" while on LWOP for the last two years.

Thank you, PASA, for the support and benefits provided to me.

I also thank and acknowledge Corey Tuk, Carmine Migliaccio, Robert Daws, Marie Staffin-Gardiner, Vic Butvila, Richard Weber, Peter Hibbard and the many other members who

have shared their wisdom, experience and knowledge with me over the years.

I also thank my wife and family for their support, encouragement and understanding during my career with SAPOL.

I wish all members of Course 61, Detective Training Course 2, PASA and SAPOL the best for the future.

### Dear Andy

Please accept my resignation from Police Association due to my retirement from SAPOL, my last day on the books being February 12, 2010.

I thought typing a retirement letter to the association would have been an easy task, but this has proved to be one of the most difficult tasks I have done in recent times.

I leave after 39-and-a-half years in the job and take away many happy memories of times at the academy with Course 34 (1970-1973), and progressing right through the various postings, including patrols, country, Traffic and Sturt LSA police station.

My last two postings were Freedom of Information and

Police Corrections Section. These were places I would never have made it to had I not been placed on the EMR a few years ago.

The support from the staff at both these locations was outstanding, so I finish on a happy note, thank goodness.

My thanks will always go to the great people I have come across in all my postings over the years: Carol Homewood (FOI), Derek Wright (then of PCS) and my last and best boss, Mike Treglown, and all the staff in those areas of ISB, present and past, since 2007.

Goodbye to those who remain: Kerin Volker, Andy, MSJ, Mia, Ray B, Kimbo, Barts, Maz, Mods and Adele.

I thank Michael Hogg of the Police Superannuation Fund for the information he provided.

The decision to retire was easier than I had imagined. I did not make it to 40 years of service. I will not miss the job but I will miss the great people in it who have made it what it is and continue to make it that way today.

Best wishes to you and all the association staff. Thanks for everything.

### Dear Andy

Please accept my resignation from the Police Association to coincide with my resignation from SAPOL on February 25, 2010.

I commenced employment with SAPOL in September 2007 as a UK recruit and was initially posted to Hindley St, team one. I was made to feel most welcome by the team.

I then served on various CIB units and I am thankful for the opportunities afforded me during these times. I worked with some good officers who were always willing to assist with advice.

My last posting has been Norwood on team three and, again, I was made to feel welcome and have enjoyed my time working with a great team.

I am grateful to SAPOL for giving my family and me the opportunity to live in Australia. I leave SAPOL to take up a new challenge in Queensland and to continue our Australian adventure.

Regards
