True CSI (MA15+) Series 1

Viewers are promised a heart stopping journey through extraordinary murder investigations which leave detectives baffled, outwitted and deceived – until a final, dramatic forensics breakthrough cracks the case.

Each film tells the chronological story of how detectives solved a difficult murder. Every whodunit mystery begins with the arresting scene of the murder – just as the police would have found it.

As the investigation takes off, clues are collected, forensics detailed, witnesses interviewed and testimonies taken. With each new piece of information, various theories begin to emerge about who did it, how they did it and why.
